Subject: ER Notification - NRC # 1094865 - Chromatint Red Spill in Romulus, Wayne County, Michigan

A determination was made that additional EPA actions are necessary to mitigate the threat to the human health and the environment posed by Chromatint Red that was spilled in Romulus, Wayne County, Michigan.

OSC J. Gulch responded to the incident.

Additional updates will be submitted later. For more information see NRC report number 1094865.
